

TC OWNERS CLUB OF WESTERN AUSTRALIA - 50TH ANNIVERSARY.

The TCOC HAD ITS 50th Birthday Rally over the weekend centred at Collie. We gathered 30 odd (more) TC's in the motel carpark to set up a new record of TC's together. The previous was about 21 as I recollect.

The other cars TD's TF's and YTypes were then wheeled in for a full house. It all started on Thursday night with a rally plate distribution, then the Rally got underway on Friday morning with a run to Wokalup for lunch, then Collie to book into the Collie Ridge Motel with a Dinner that night with Bob & Lyn Douglas and Doug Pelton of the USA speaking. Both are icons in the TC world.

Saturday morning was a Show n' Shine in the main street of Collie and an afternoon at the Collie Motoplex with sprints around the track. No disasters - one gravel spinout but didn't quite reach the tyre wall. The other a broken half shaft but a spare was found.

Dinner again and then a Run around the Ferguson Valley on the Sunday. Another Dinner then Farewell Breakfast and home for some. There was to be a further 3 day run based on Busselton through the week.

I headed home on Sunday in 33 degree heat . The TC went well.

Graham Mackie
