Hello All,

Are there any last minute entries for our Christmas Dinner (Saturday December 17<sup>th</sup>). Hopefully, a menu will be available this evening.

A couple of months ago, I asked for suggestions for possible holiday venues to cover the next few years' destinations. Has anyone given this further thought? This year is running out and nothing is done towards next years' mega-exodus. Let's get to it.

## Last Month's Events

Not a great deal happened last month. The highlight of the month was the Totternhoe Players Murder Mystery. Excellent - its still a mystery. I think the murderer was a member of the audience! The drinks night was very poorly attended, with only Glyn, Ian and myself present. It seemed it clashed with a football match or something. How sad!
