The **MG CAR CLUB, LINCOLNSHIRE CENTRE**'s entry for the
BELCHFORD DOWNHILL CHALLENGE
on **Sunday 16th September 2007**

The build of the MG Car Club Lincolnshire Centre Belchford Downhill Challenge entry has now progressed beyond the rolling chassis stage to a point where we hope to hold initial trial runs on the evening of 12th July.

The front and rear bulkhead/roll bars have now been fitted along with handles to aid entry. The steering is now complete and the braking system just needs installing. The only other requirement 'pre-trial' is a seat belt to stop the driver jumping out!

The Lincolnshire Centre of the MG Car Club would like to thank all its sponsors for their generous help in producing an entry for the Belchford Downhill Challenge.
