The **MG CAR CLUB, LINCOLNSHIRE CENTRE**'s entry for the
BELCHFORD DOWNHILL CHALLENGE
on **Sunday 16th September 2007**

The MG Car Club Lincolnshire Centre Belchford Downhill Challenge team have now held their second successful build meeting and, having finalised the design of the chassis, front hubs and axle, rear axle and braking system, are well on with the build.

The majority of the chassis frame is now cut out and shaped ready for welding and the front hubs/kingpins/axle and rear axle are in manufacture. The braking system has all been sourced second hand and now only requires re-furbishing, assembly and hoses.

The new team apparel of red and grey overalls with red shoes and gloves has now been supplied and Doug Samuel has offered the use of his Replica BMC Racing Team Transporter, so if nothing else we should look the part!

Peter Ellis - Team Leader

Photo (above) shows Doug Samuel modelling the team apparel. (Any resemblance to Dick Dastardly is purely co-incidental)

Sketch (left) showing what we hope the vehicle will look like !

The Lincolnshire Centre of the MG Car Club would like to thank all its sponsors for their generous help in producing an entry for the Belchford Downhill Challenge.
