North Yorkshire Spring Weekend 2009

Saturday 3rd - Monday 5th May 2009

MGAs and their owners are invited to participate in a weekend of touring and social activities in the scenic splendour of the Yorkshire Dales National Park. 2009 will be the seventh year of staging a dedicated MGA Spring event in North Yorkshire.

The event will be based at the Ripon Spa Hotel, an elegant Edwardian building set in landscaped gardens and croquet lawns. A special room rate of £148, based on two people per room has been negotiated. The rate for a single room is £84. These prices include breakfast and three course dinner with coffee. Participants choosing to stay at alternative accommodation may join the main party for the gala dinner on the Sunday evening. The cost of dinner for non-residents is £23.95.

For 2009 the tours will take place on Sunday May 3rd and Bank Holiday Monday May 4th. The Sunday/Monday schedule proved popular in 2008, with participants saying it made travelling to and from the event easier, with less traffic on the motorways on the Saturday and Tuesday.

As in previous years, participants will be able to join in for the whole weekend event, whilst those who would prefer to take part for only one day may choose either the Sunday or Monday. Being the Mayday Bank Holiday weekend, those who live further afield can take the opportunity of staying over and enjoying a leisurely drive home on the Tuesday.

BOOK NOW to avoid disappointment, rooms will be taken quickly. The number for the hotel is 01765 602172 – be sure to tell the hotel you are with the MG Car Club group. The hotel will require a booking deposit of £20.00 per room. When you have booked your rooms and dinner please complete and return the **Entry Form** by email or post.

There will be the usual modest entry fee to cover the MSA Permit and other organisational costs. For one day the cost will be £4.00 per car or £7.00 for the two days, plus any admission charges. To enter or to ask for further details please email mga@live.co.uk If you have not yet entered the electronic age then call Stuart or Irene on 01430 871078.
